THE INDUSTRIAL AND COMMERCIAL
PHOTOGRAPHER

VOLUME 6 MAY, 1966 to APRIL, 1967

INDEX

SUBJECT INDEX

(Does not include items described each month in 'What's New' columns)

Aircraft, recording testing of 2, 35
Architectural Photography (Book Review) 2, 31
Asahi Pentax 35mm camera systems (Test Report) 3, 45, 4, 44
Asahi Pentax Spot Meter II 4, 60

'Backroom boys'
Elliott and Thirkettle 9, 52
Beaulieu R16 electric cine camera (Test Report) 2, 46
Birmingham Post, studio and darkrooms 1, 102
Bluestreak, photography behind Britain's satellite launcher 5, 94
Book Reviews
Architectural Photography 2, 31
Basic Sensitometry 12, 70
Camera Journalism 12, 70
Engineers, photographic systems for 11, 91
Monobath, making your own 5, 71
Photographis '66 4, 56
Photo Technology 12, 70
British Photographic Export Group catalogue 4
Hanover Fair catalogue 12, i
British Press Photographs of the Year 9, 42
British Trade Fair, Moscow, Press and publicity 7, 29
Bronica S2 2¼ square SLR camera (Test Report) 7, 50

Canada, photography in 10, 91
Cathode-ray tube images, photography of 10, 86
Central Office of Information Competition with Rank/ICP 8, 32, 11, 90
Chambers, Newton, work of photographic dept. 6, 38
Close-up photography, a new camera for 7, 83
Colour printing, economics of 8, 38, 9, 56
Conference Reports
IIP GP committee conference at Sheffield 11, 80
Industrial photography, Oxford conference on 7, 40
Medical photography discussed at Cardiff conference 6, 51
Screen '67 9, 63
Contrast index, notes on 8, 46
Copying lenses, performance of (Letter) 4, 41
Costing (Letter) 4, 33

CRL Copying camera 11, 45

Daniells and Blayney, photography by 11, 53
Darkroom equipment (Supplement) 3, 51
Degree Course in Photography 11, 88
Derby school in its new home 5, 75
Diffraction and its effects in the camera (Letter) 6, 63
Dobson, John, work of 12, 26
Docks photography, British Transport at Southampton 5, 79
Document reproduction, *ICP* compendium of 1, 71

Electrical engineering research, photography in 5, 26
Elliott and Thirkettle 9, 52
Engineers, photographic systems for (Book Review) 11, 91
Eumig Mark DL 8mm projector (Test Report) 12, 65
Exhibition Reports
Harrow Technical College industrial and commercial photography exhibition 1, 64
'Photography at Work', shots from 1, 57
Regent Street Polytechnic photographic exhibition 5, 38
Export
British Photographic Export Group catalogue 4
Hanover Fair catalogue 12, i
Opportunities for British manufacturers 1, 61

FCP studio/laboratory, work of 1, 26
Fees
for freelance photography (*ICP* discussion) 1, 42
professional, IIP recommendations 9, 78
Flash photography, good and bad 3, 34
Foster and Skeffington, work of 10, 76
Front projection units, Fairchild 8, 66

'Gemini' system of making 16mm colour cine films while recording TV programmes 12, 31
General Practitioners' school programme 9, 34
Glycerine, some uses of in photography 2, 64
GPs, round the country with 6, 66, 7, 62, 8, 67, 9, 74
Grassland Research Institute, photography at 7, 72
Greater London Council, photography by 10, 26

Hanover Fair catalogue 12, i
Harrow Technical College industrial and commercial photography exhibition (Report) 1, 64
Harrow School of Photography exhibition (Report) 12, 37
Helicopter, vibration-free cine from 12, 34
Hills, David, work of 4, 54

Volume 6 Index (*continued*)

Holography, some notes on 9, 76
Honours degree in photographic technology 11, 88
Hughes, Kelvin, recent developments in rapid processing equipment by 10, 45
Hunter, George, Canadian photographer 10, 91

ICP discussion, fees for freelance photographers 1, 42
ICP/Rank Mamiyaflex competition, winning entry (Part 2) 2, 58
ICP Test Reports
No. 75—Melico automatic exposure timer 1, 40
No. 76—Beaulieu R16 electric cine camera 2, 46
No. 77—Minolta Autocord CdS camera 2, 55
No. 78—Asahi Pentax 35mm camera systems 3, 45, 4, 44
No. 79—Asahi Pentax Spot Meter II 4, 60
No. 80—Bronica S2 2¼ square SLR camera 7, 50
No. 81—Minolta Hi-matic 9 35mm camera 7, 58
No. 82—Petri V6 35mm SLR camera 8, 44
No. 83—Yashica 24 twin-lens reflex camera 8, 49
No. 84—Ilfobrom papers 10, 71
No. 85—Rolleiflex 2.8 F 11, 34
No. 86—Zeiss Ikon Contarex Professional 11, 38
No. 87—Leitz Pradovit-Colour projector 12, 64
No. 88—Rolleiscop projector 12, 64
No. 89—Stitz M30 exposure meter 12, 64
No. 90—Paterson micro-focus finder 12, 65
No. 91—Eumig Mark DL 8mm projector 12, 65
No. 92—Paterson lighting units 12, 65
No. 93—Stitz Grip-brac de luxe 12, 66
No. 94—Lunasix three system exposure meter 12, 66
IIP GP committee conference at Sheffield (Report) 11, 80
IIP Weekend School for GPs 12, 50
Ilfobrom papers (Test Report) 10, 71
Ilford rapid-processing equipment 9, 62
Industrial cine
Equipment (Supplement) 2, 71
Helicopter, vibration-free cine from 12, 34
Special effects in motion pictures 3, 29, 8, 35
Industrial photography, Oxford conference on (Report) 7, 40
Infra-red colour photography 10, 67
Inplant department, streamlining 9, 39
Inplant photographer, role of 9, 29
International Reprographic Exhibition (Preview) 11, 64
Isaacs, Peter, the work of 8, 26

Kodak awards 8, 48

Leitz Pradovit-Colour projector (Test Report) 12, 64
Litho plate, don't blame the 5, 66
Lunasix three system exposure meter (Test Report) 12, 66

Mars, photographs of 5, 93
Medical photography discussed at Cardiff conference (Report) 6, 51
Melico automatic exposure timer (Test Report) 1, 40
Microfilming system, setting up in a small organisation 5, 55
Microfilm survey (Questionnaire) 11, 89
Micro image resists, the technology of 11, 59
Minolta Hi-matic 9 35mm camera (Test Report) 7, 58
Monobath, making your own (Book Review) 5, 71

National Physical Laboratories, some applications of photography at 5, 88
Nelson Tyler camera mount 12, 34

Patents, abstracts from 4, 51, 6, 64, 8, 61, 10, 95
Paterson lighting units (Test Report) 12, 65
Paterson micro-focus finder (Test Report) 12, 65
Petri V6 35mm SLR camera (Test Report) 8, 44
Polytechnic Degree Course in Photography 11, 88
Photographis '66 (Book Review) 4, 56
'Photography at work', shots from 1, 57
Posterising, the art and practice of 2, 66
Postgraduate evening lectures 6, 50
PRO, what he expects 9, 49
Processors for use in mobile darkrooms 8, 45
Producer/cameraman, problems of 6, 71
Profit, making, from photography (Part 3) 1, 101

Rank/COI/*ICP* competition 8, 32, 11, 90
Reductions down to 40,000 to 1 5, 64
Regent Street Polytechnic photographic exhibition (Report) 5, 38
Rolleiflex 2.8 F 11, 34
Rolleiscop projector (Test Report) 12, 64

Scanners for colour separations 8, 51
Screen '67 (Report) 9, 63
Sheffield GP weekend school, report part 1, 11, 80
part 2, 12, 50
Special effects in motion pictures 3, 29, 8, 35
Sponsored research, photography in 4, 26
Stanland Photography, Croxton's Mill, home of 11, 27
Stitz Grip-Brac de luxe (Test Report) 12, 66
Stitz M30 exposure meter (Test Report) 12, 64
Students' corner
Contrast index, notes on 8, 46
Flash photography, good and bad 3, 34
ICP/Rank Mamiyaflex competition, winning entry (Part 2) 2, 58
Supplements
British Photographic Export Group catalogue 4
Darkroom equipment 3, 51
Document reproduction, *ICP* compendium of 1, 71
Graphic Arts 2, 5, 8, 11
Industrial cine equipment 2, 71
International Reprographic Exhibition (Preview) 11, 64

Technician's progress 3, 101
Television test cards, making 3, 39
Ten-second photography, how a GP uses 4, 39
Training for photography—some unanswered questions 6, 45
Transportable darkroom units 8, 64
Tufano, Brian—TV cameraman, work of 7, 32

Unilever Ltd. photographic studio, work of 2, 26
United States Ordnance, photography at 3, 25

Vala, Leo, 'Head of Jesus' 11, 25
Vibration-free cinematography from helicopters 12, 44

Violent-action or extreme temperature events, photography of 3, 25

Wedding photography on the grand scale 6, 29
'Where no photography was used before' 6, 81
Williamson close-up camera 7, 83
Wompra, Dennis, work of 10, 60

Zeiss Ikon Contarex Professional camera (Test Report) 11, 38

CONTRIBUTORS

Alston, A.
Microfilming system, setting up in a small organisation 5, 55

Ashburner, G. S. A.
Television test cards, making 3, 39

Barnes, J. C.
Cathode-ray tube images, photography of 10, 86

Barton, G. E.
Grassland Research Institute, photography at 7, 72

Bentley, T. L. J.
Asahi Pentax 35mm camera systems (Test Report) 3, 45, 4, 44
Asahi Pentax Spot Meter II (Test Report) 4, 60
Minolta Hi-matic 9 35mm camera (Test Report) 7, 58
Petri V6 35mm SLR camera (Test Report) 8, 44
Yashica 24 twin-lens reflex camera (Test Report) 8, 49
Zeiss Ikon Contarex Professional (Test Report) 11, 38

Brunel, C.
Special effects in motion pictures 3, 29, 8, 35

Clark, Norman
Melico automatic exposure timer (Test Report) 1, 40

Clark, Walter
Infra-red colour photography 10, 67

Davis, N. E.
Electrical engineering research, photography in 5, 26

Dawson, Leslie
Industrial cine equipment (Supplement) 2, 71

Dean, Dennis
Hughes, Kelvin, recent developments in rapid processing equipment by 10, 45

Finniston, Dr. H. M.
Sponsored research, photography in 4, 26

Fraser, Charles
Technician's progress 3, 101

Frost, A. R. J.
Ilfobrom papers (Test Report) 10, 71

Garcia, Thomas
Violent-action or extreme temperature events, photography of 3, 25

Gaskins, William G.
Derby school in its new home 5, 75

Goodson, K. C. A.
Darkroom equipment (Supplement) 3, 51

Graham, R. W.
Copying lenses, performance of (Letter) 4, 41

Hewitt, Leslie J.
Engineers, photographic systems for (Book Review) 11, 91
National Physical Laboratories, some applications of photography at 5, 88
Training for photography—some unanswered questions 6, 45

Hudson, B. D.
Grassland Research Institute, photography at 7, 72

Hughes, John F.
Bronica S2 2¼ square SLR camera (Test Report) 7, 50
Rolleiflex 2.8 F (Test Report) 11, 34

Jacobs, P. V.
ICP/Rank Mamiyaflex competition, winning entry (Part 2) 2, 58

Kennedy, J. G.
Patents, abstracts from 4, 51, 6, 64, 8, 61, 10, 95

Land, W.
Special effects in motion pictures 3, 29, 8, 35

Lock, R. G.
Docks photography, British Transport at Southampton 5, 79

Martinson, L. E.
Micro image resists, technology of 11, 59

Mindline, David
Posterising, the art and practice of 2, 66

Oldroyd, Kenneth
Profit, making, from photography (Part 3) 1, 101

Page, Andre
Close-up photography, a new camera for 7, 83
CRL copying camera 11, 45
Glycerine, some uses of in photography 2, 64

Page, S. B.
Document reproduction, *ICP* compendium of 1, 71

Pearce, Maureen
Unilever Ltd. photographic studios, work of 2, 26

Volume 6 Index (*continued*)

Phillips, Frederick
Litho plate, don't blame the 5, 66

Port, A.
Television test cards, making 3, 39

Posner, Danny
PRO, what he expects 9, 49

Price, Ronald
Daniells and Blayney, photography by 11, 53
Eumig Mark DL 8mm projector (Test Report) 12, 65
Holography, some notes on 9, 76
Leitz Pradovit-Colour projector (Test Report) 12, 64
Lunasix three system exposure meter (Test Report) 12, 66
Paterson lighting units (Test Report) 12, 65
Paterson micro-focus finder (Test Report) 12, 65
Rolleiscop projector (Test Report) 12, 64
Screen '67 (Report) 9, 63
Stitz Grip-Brac de luxe (Test Report) 12, 66
Stitz M30 exposure meter (Test Report) 12, 64

Rose, John A.
Architectural Photography (Book Review) 2, 31

Ryle, G. J. A.
Grassland Research Institute, photography at 7, 72

Samson, Tom
Hunter, George, Canadian photographer 10, 91

Smethurst, P. G.
Diffraction and its effects in the camera (Letter) 6, 63

Smith, Felix
Colour printing, economics of 8, 38, 9, 56

Grassland Research Institute, photography at 7, 72

Stallard, G.
Ilfobrom papers (Test Report) 10, 71

Stewart, John R. F.
Producer/cameraman, problems of 6, 71

Storrs, F. D.
Aircraft, recording testing of 2, 35

Taylor, Alan Faulkner
Inplant photographer, role of 9, 29

Taylor, Leslie
Ten-second photography, how a GP uses 4, 39

Thackeray, John C.
Bluestreak, photography behind Britain's satellite launcher 5, 94

Unwin, R. W.
Flash photography, good and bad 3, 34

Veal, T. G.
Cathode-ray tube images, photography of 10, 86

Wallis, F. G.
Scanners for colour separations 8, 51

Ward, Fred
Wedding photography on the grand scale 6, 29

Weinbren, G. L.
Beaulieu R16 electric cine camera (Test Report) 2, 46
Costing (Letter) 4, 33

White, Frank
Minolta Autocord CdS camera (Test Report) 2, 55

Williams, R. D.
Grassland Research Institute, photography at 7, 72

Wood, W. A.
Chambers, Newton, work of photographic dept. 6, 38

Keep your copies safe . . .

Because the information in *ICP* remains topical and useful over a long period, most readers keep their copies in the special binder supplied for the purpose. The binder enables you to file each copy as soon as it has been seen by all concerned, and contains a complete volume (12 monthly issues). The cost is 14/-, plus 1/- for packing and postage.

Orders for binders should be sent to *ICP*, 7 Grape Street, London, W.C.2
